## Drug name

CarboXactin

## Drug Uses

CarboXactin is an exclusive formulation of research-supported botanical ingredients designed to support a low carbohydrate diet.

## How Taken

Take one (1) capsule 15 minutes before meals. Do not exceed 6 capsules daily. Drink at least 6 glasses of water daily between meals.

## Drug Class and Mechanism

CarboXactin will energize your dieting program and help you eliminate conversion of carbohydrate to excess calories, control your appetite with herbal ingredients that are both safe and effective.

## Missed Dose

If you miss a dose of CarboXactin, take it as soon as possible. If it is almost time for your next dose, skip the missed dose and go back to your regular dosing schedule. Do not take 2 doses at once.

## Storage

Store CarboXactin at room temperature, between 68 and 77 degrees F (20 and 25 degrees C). Store away from heat, moisture, and light. Keep CarboXactin out of the reach of children and away from pets.

## Warnings Precautions

You should not use this medication if you are allergic to Saw Palmetto, or have certain conditions. Be sure your doctor knows if you have:

- a bleeding or blood clotting disorder (such as hemophilia);
- stomach ulcer with active bleeding; or
- ulcerative colitis or Crohn's disease.

Before taking saw palmetto, talk to your doctor, pharmacist, herbalist, or other healthcare provider. You may not be able to use this product if you have:

- liver disease;
- heart disease;
- a heart rhythm disorder;
- a history of stomach ulcer; or
- asthma or other breathing disorder.

Do not take saw palmetto without telling your doctor if you are pregnant or plan to become pregnant during treatment. Saw palmetto may be harmful to an unborn baby. It is not known whether saw palmetto passes into breast milk or if it could harm a nursing baby. Do not use this product without telling your doctor if you are breast-feeding a baby. Do not give any herbal/health supplement to a child without the advice of a doctor.

## Possible Side Effects

Because CarboXactin is an all-natural nutritional supplement containing only the finest botanicals, there are no harmful side effects when taken as directed.

## More Information

CarboXactin is not a pharmaceutical drug and contains none of the synthetic chemicals found in prescription medications. It is a safe alternative to prescription drugs, which can sometimes have serious side effects.
