Dolcera collaboration offering

Contents

- 1 Interactive news
- 2 Document organization and tagging
- 3 Document analysis and knowledge synthesis
- 4 Collaboration platform components

Interactive news

- An interactive news platform for sharing relevant news with colleagues
- Stories that are ranked highly by colleagues will help guide the research Dolcera performs
- Dolcera will actively seek out and provide additional information in highly rated areas
- Highly rated content will be added into the knowledgebase by Dolcera on an ongoing basis

Document organization and tagging

- Convert each document to wiki text format
- Tag each document page with relevant tags, using our domain knowledge
- Organize categories and streamline documents

Document analysis and knowledge synthesis

- Specialized views of data specific to domains
- Integration of internal and external information

Collaboration platform components
